CathGuard™

Patient Catheter Protective Pocket

CathGuard™ is a unique, water-resistant protective pocket designed to provide maximum comfort while protecting and storing the exterior lumen of the patient's central line catheter between dialysis treatments. Each CathGuard™ pocket includes self-adhesive strips that conveniently attach the pocket securely to the patient and are easily removed without discomfort. CathGuard™ pockets eliminate the need for bulky tape and gauze, saving time and money.

Features & Benefits:

- *Soft, water-resistant fabric*
- *Eliminates mess and fuss of dealing with tape and gauze*
- *Very gentle to skin*
- *Simplifies & shortens on/off catheter care*
- *Easy to use*
- *Appreciated by both patients & staff*
