Fistula Clamps

After the completion of a dialysis treatment, fistula clamps from RPC provide consistent pressure without pinching the patient's arm or thigh. RPC's fistula clamps are reliable, comfortable, and light weight. For additional support, the Ultra Grip cover is available to prevent "slide off" issues associated with the use of gauze.

Features & Benefits:

- High-quality stainless steel springs prevent rusting
- Adjustable to fit most arm & thigh sizes
- Made in the USA from durable plastic
- Administers 1-1.5 pounds of pressure to wound site
- Heavy-duty rivets prevent breakage
- Reusable, available in multiple colors

**To clean, follow medical device cleaning protocols established by facility*
