## **Micro-X<sup>®</sup>**

### **Disinfectant/Sterilant**

Micro-X<sup>®</sup> is a peroxyacetic acid cold disinfectant / sterilant (equivalent to Renalin, Minncare and Peracedin). Micro-X is used in all automated dialyzer reprocessing equipment (i.e. Renatron and Maky), water treatment systems, dialysis equipment, medical instruments and hard surface disinfection.

### **Features & Benefits:**

- *Formulated for sterilization & disinfection of hard environmental surfaces*
- *Extended 15 month expiration vs. 12 months for other PAA products.*
- *Improved storage temperature ranges (86°F vs. 75°F)*
- *No need to change procedures or protocols currently used*
- *Expert support from RPC technical staff*
- *FDA cleared*
