## Micro-X<sup>®</sup> Disinfectant/Sterilant

Micro-X<sup>®</sup> is a peroxyacetic acid cold disinfectant / sterilant (equivalent to Renalin, Minncare and Peracedin). Micro-X is used in all automated dialyzer reprocessing equipment (i.e. Renatron and Maky), water treatment systems, dialysis equipment, medical instruments and hard surface disinfection.

### Features & Benefits:

- Formulated for sterilization & disinfection of hard environmental surfaces
- Extended 15 month expiration vs. 12 months for other PAA products.
- Improved storage temperature ranges (86°F vs. 75°F)
- No need to change procedures or protocols currently used
- Expert support from RPC technical staff
- FDA cleared
