RPC Introduction

RPC was founded in 1991 by Vern Taaffe and Michael Honstein as a company specializing in dialyzer reprocessing. RPC merged with Rabrenco Scientific in 1995 to form the only company specializing in dialysis technical products. RPC is located in Tucson, Arizona and Minneapolis, Minnesota.

RPC is a leading innovator in products improving patient care quality and treatment outcomes. The company has multiple employees with 25 plus years of experience in dialysis. Employees are also AAMI and NANT members. The company holds an AAMI Corporate and RDD Committee membership, helping to establish high quality standards. RPC is well known for providing high level technical education and support to the dialysis community. Vern Taaffe has given multiple educational presentations focusing on different aspects of dialysis at dialysis national meetings and tradeshows.

RPC is a leading manufacturer of test strips for use in dialysis and manufactures many other products as well, including; QC Standard Solutions, BP cuffs, dialyzer port caps, sample ports, patient catheter protective pockets, catheter caps and recirculation connectors. The company offers hundreds of products worldwide for use in dialysis and other industries. Many of RPC's products have been designed by RPC because of specific customer requests. RPC's corporate goals are to become the dialysis industry's primary source for technical supplies and to provide the highest quality products at discount pricing.

RPC's trademarks and servicemarks include:

Micro-X®, Auto-Vent®, Sani-lok®, Name-Alert®, CathGuard™, CapKeeper®, E-Z Draw®, E-Z Chek®, E-Z Grip®, ProbeRite®, CalRite®, Accu-Read™, Certi-Chek™, Citra-Quik™, "Product Quality at Discount PricingSM", and "Savings – Solutions – SatisfactionSM".

CapKeeper® Test Strip Cap & Container Organizer

Product	Part No.	Description	Packaging
	K100-1250	CapKeeper® Clip and Coil (Fits 1.25" cap)	Each
	K100-1375	CapKeeper® Clip and Coil (Fits 1.375" cap)	Each
	K100-1750	CapKeeper® Clip and Coil (Fits 1.75" cap)	Each

Features and Benefits

- Hangs from I.V. pole for fast and easy access to test strips.
- Clips onto belt loop or other items to keep test strips close at hand. Free-up your hands and prevent loss of test strips and container caps.
- Minimizes potential for contamination of test strips & container caps.
- Choose from various sizes available to fit different test strip containers.
- Requested by and designed for dialysis professionals.

Dialysis Catheter Caps

Product	Part No.	Description	Packaging
	7001-3915	SaniGuard™ Dialysis Catheter Caps (Non-Injection)	100 per box

Features and Benefits

- Save money with RPC's easy-to-grip luer lock catheter caps.
- Recessed center post helps protect against contamination.
- Sterile / non-pyrogenic.

Recirculation Connectors

Product	Part No.	Description	Packaging
	7001-3902W	Recirculation Connectors (Luer Lock)	100 per box

Features and Benefits

- Convenient recirculation connectors for pre-dialysis rinsing, mid-dialysis recirculation, post-dialysis rinse-back, or syringe-to-syringe transfers.
- Male luer lock ends.
- Sterile / non-pyrogenic.

CathGuard™ Patient Catheter Protective Pocket

Product	Part No.	Description	Packaging
	7001-3920	Cathguard™ Catheter Pocket	100 per case

CathGuard™ is a unique, water-resistant, soft fabric pocket providing patient comfort while protecting and storing the exterior lumens of the central line catheter between dialysis treatments. CathGuard™ helps immobilize the patient's catheter and may aid in reducing trauma to the catheter surgical insertion site. CathGuard™ also keeps the catheter clean, may help prevent infection, safeguards the integrity of the catheter caps, and presents a flatter, less-visible profile.

Micro-X® Disinfectant/Sterilant

Product	Part No.	Description	Packaging
	MX-30004	Micro-X® Disinfectant/Sterilant Gallon	4 per case

- Formulated for sterilization and disinfection of hard environmental surfaces
- Extended 15 month expiration vs. 12 months for other PAA products
- Improved storage temperature ranges (86F vs 75F)
- FDA cleared

Auto-Vent® Port Caps

Product	Part No.	Description	Packaging
	7000-0005	Auto-Vent® Dialysate Port Caps	100 per bag

Features and Benefits

- Safely and automatically releases pressure build-up caused by interaction of germicide and residual blood in dialyzer. Allows gas to escape while preventing fluid from escaping while ensuring bacteria is not allowed to enter.
- No manual action required to activate venting action.
- Vinyl body assures leak-proof seal on all dialyzer ports.
- Reusable.
- Compatible with five different germicides.
- Bright yellow for easy identification.

Port Caps for Reprocessed Dialyzers

Product	Part No.	Description	Packaging
	7000-0003	Dialysate Port Caps, Red 1.5"	100 per bag
	7000-0004	Dialysate Port Caps, Red 1.5" (Bulk)	1000 per case
	7000-0007	Dialysate Port Caps, Red 1"	100 per bag
	7000-0008	Dialysate Port Caps, Red 1" (Bulk)	1000 per case
	7000-0009	Dialysate Port Caps, E-Z Grip®, Rigid Twist Lock	500 per case
	7000-1001	Blood Port Caps, Red	100 per bag
	7000-1002	Blood Port Caps, Red (Bulk)	1000 per case
	7000-1003	Blood Port Caps, Clear, Twist Lock, ISO Fitting	100 per bag
	7000-1004	Blood Port Caps, Clear, Twist Lock, ISO Fitting (Bulk)	1000 per case
	7000-1051	Reprocessing Connector for Renatron w/O-ring	50 per bag

Features and Benefits

- Vinyl push-on caps are specially sized to provide a good seal and easy removal.
- FDA marketing clearance for use with five dialyzer reprocessing germicides.
- E-Z Grip® port caps are compatible with heat disinfection.

Product	Part No.	Description	Packaging
	HS-EC107-6M	Headphones, Black Ear Clip	25 per pack

Dialyzer Labels and Bar Code Protectors

Product	Part No.	Description	Packaging
	7000-2001	Dialyzer Labels, White, 30 uses	100 per roll
	7000-2125	Bar Code Label Protector	100 per roll
	7000-2126	Bar Code Label Protector, Similar Name	100 per roll
	7000-2300	Name Alert® Labels	120 per roll

Features and Benefits

- Easy-to-write-on surface.
- Specially processed material and printing prevents erosion from germicides, etc.
- Clear or white background gives you a choice for preferred visual inspection.
- Sized to avoid over-labeling.

Name Alert® Labels - Convenient means for alerting staff and patient to ensure name and other identifying information on the dialyzer label corresponds to a specific patient. Helps prevent similar-name dialyzer mix-ups. Ensures compliance with AAMI / CMS requirements.

Zebra Printer Labels, and Ribbon

Product	Part No.	Description	Packaging
	7000-2102	Renalog™ Labels for Zebra TLP 2844 Printer	1750 labels per roll
	7000-2403	Black Printer Ribbon for Zebra TLP 2844	Each

Renalog is a trademark of Renal Systems.

Renalog Labels

Used in conjunction with Item# 7000-2403 and Zebra TLP Label Printer. Labels are easy to peel off roll and will adhere securely to all dialyzers.

Ribbon Printer

Used in conjunction with Item# 7000-2102 and Zebra TLP 2844 Label Printer. These black printer ribbons will display patient information and reprocessing cycles with consistent quality and legibility.

	BT00-0103	Black Tubing, PVC. 1/8" x 1/4"	100 ft. roll

Features and Benefits

- Low cost / high quality alternative to using OEM part.
- Generous hook & loop sizing assures a secure and snug fit.
- Dark blue color helps keep cuff looking new longer.
- Easy to clean.
- Superior resistance to chemical solutions used to clean cuffs.
- Manufactured to meet American Heart Association guidelines.
- Small, Regular, Large, & Thigh sizes for the adult patient.

E-Z Draw® Sample Port

Product	Part No.	Description	Packaging
	D300-2010	E-Z Draw® Dialysate Sample Port, 3/16" Hose Barbs	Each
	D300-2011	E-Z Draw® Dialysate Sample Port, 3/16" Hose Barbs	100 per bag
	D300-2012	E-Z Draw® Dialysate Sample Port, 3/16" Hose Barbs	1000 per bag

Features and Benefits

- Syringe withdraw through port.
- Low profile sanitary design.
- Germicide and heat disinfection compatible material. FDA-approved material.
- Economical and durable. No separate parts to replace.

Citra-Quik™ Citric Acid - Dry Powder

Product	Part No.	Description	Packaging
	J100-0020	Citra-Quik™ 20 Citric Acid Powder, USP Grade, Anhydrous, 824 grams/bottle	4 per case
	J100-0050	Citra-Quik™ 50 Citric Acid Powder, USP Grade, Anhydrous, 1765 grams/bottle	4 per case
	J100-0190	Citra-Quik™ Citric Acid Powder, USP Grade, Anhydrous, 190 grams/bag	30 per case
	J100-0408	Citra-Quik™ Citric Acid Powder, USP Grade, Anhydrous, 408 grams/bag	30 per case
	J100-0747	Citra-Quik™ Citric Acid Powder, USP Grade, Anhydrous, 747 grams/bag	20 per case
	J100-1000	Citra-Quik™ Citric Acid Powder, USP Grade, Anhydrous, 1000 grams/bag	15 per case

Features and Benefits

- Dissolves quickly in AAMI Quality water.
- Replaces hazardous and obnoxious-smelling chemicals.
- Avoid problems with algae growth in vinegar.
- Faster and more efficient at removing deposits; won't harm equipment.
- Dissolves faster than competitor's citric acid.

E-Z Gel™ Drain Cleaner

Product	Part No.	Description	Packaging
	EG-1284	E-Z Gel™ Drain Cleaner (Gallon)	4 per case
	EG-3212	E-Z Gel™ Drain Cleaner (Quart)	12 per case
	EG-SPR-1	Professional Applicator, E-Z Gel™ (1.5 Gallon)	Each

E-Z Gel™ is a specially formulated safe biologic gel designed to cling to the sides of drains and pipes to remove organic material while blocking the production of noxious odors.

Features and Benefits

- Safe for all plumbing and non-drain surfaces. Non-corrosive/toxic/pathogenic. Biodegradable.
- Cost effective, easy to apply; ready-to-use formula; no mixing, dilution, or activation.

E-Z Foam™ Drain Cleaner

Product	Part No.	Description	Packaging
	EZ-1284	E-Z Foam™ Drain Cleaner (Gallon)	4 per case
	EZ-FOAMER	Professional Applicator, E-Z Foam™ (1.5 Gallon)	Each

E-Z Foam™ Drain Cleaner is the same biologic gel as E-Z Gel™; however, E-Z Foam™ is formulated to produce shaving-cream-thick foam (when used with RPC's E-Z Foamer Professional Application Foamer).

E-Z Foam™ improves on E-Z Gel™ performance in that E-Z Foam™ has much better staying / penetrating power and costs less per ounce used.

Lubricants & Sealants

Product	Part No.	Description	Packaging
	A100-0000	High Vacuum Silicone O-Ring Grease, 5.3 oz	Each
	A100-0001	RTV 732 Silicone Sealant, 4.7 oz	Each

High-Reliability Dialyzer Dialysate Port Quick Disconnects

Product	Part No.	Description	Packaging
	D300-0105	Dialyzer Dialysate QD, to 45° Angle Hose Barb (Red)	Each
	D300-0106	Dialyzer Dialysate QD, to 45° Angle Hose Barb (Blue)	Each

Features and Benefits

- Unique design provides a leak-free fit on all dialyzer types and models.
- Corrosion-proof FDA-compliant plastic.
- No exposed metal parts.
- Permanently withstands all dialysis germicides and heat disinfection.
- Typically outlasts life of dialysis and dialyzer reprocessing equipment.
- One handed operation.

High-Reliability, Low Cost Replacement Pump Springs

Product	Part No.	Description	Packaging
	D300-0203	Spring, Pump, Weak (A2008)	20 per bag
	D300-0204	Spring, Pump, Strong (A2008)	20 per bag

Features and Benefits

- Low cost/high quality alternative to using manufacturer's part.
- Superior and precise specifications result in accurate, long term pump operation.
- Corrosion free. Unique material, unaffected by heat and chemical solutions.
- Manufactured to exceed OEM specifications. Reduces machine repairs and downtime.

Check Valves

Product	Part No.	Description	Packaging
	H100-0003	Check Valve, Dialysate, 3 gram (A2008)	Each
	H100-0006	Check Valve, Acid/Bicarb, 6 psi (A2008)	Each
	H100-0015	Check Valve, UF, 15 psi (A2008)	Each

Designed to out-perform check valves used in the original equipment.

Universal Dialyzer Holder

Product	Part No.	Description	Packaging
	S-10000	Universal Dialyzer Holder	Each
	S-10001	Universal Dialyzer Holder w/DC Post	Each

Spiral Coil Tubing

Product	Part No.	Description	Packaging
	1W-025-10	Spiral Tubing, Polyurethane 1/8"ID x 8' Clear	Each
	1W-025-25	Spiral Tubing, Polyurethane 1/8"ID x 8' Translucent Red	Each
	1W-025-27	Spiral Tubing, Polyurethane 1/8"ID x 8' Translucent Blue	Each

- In wide use as retractable dialysate, water, and drain tubings.
- Working pressure to 140 psi. Burst pressure of 420 psi.

Tubing Clamps, & Tie Wraps

Product	Part No.	Description	Packaging
	D300-0200	Hose Clamp, 1/4" – 5/8", SS	Each
	D300-0201	Hose Clamp, 5/16" – 7/8", SS	Each
	D300-0202	Hose Clamp, 7/16" – 1", SS	Each
	D300-0250	Cable/Tubing Tie Wraps, Nylon 4"	100 per pack
	D300-0251	Cable/Tubing Tie Wraps, Nylon 8"	100 per pack

WATER TREATMENT PRODUCTS

Peracetic Acid Water System Sanitizer

Product	Part No.	Description	Packaging
	MX-30004	Micro-X® Disinfectant/Sterilant Gallon Container 3L per Bottle	4 per case
	K100-0100	Micro-X® Peroxide / Peracetic Acid Residual Test Strips	100 per bottle
	K100-0105	Micro-X® Peracetic Acid Potency Test Strips	100 per bottle

- Dilute 1 part to 99 parts AAMI Quality water (1%) for use in water system.
- Efficacious: A 400 ppm peracetic acid solution has been reported to achieve a 6 log (1,000,000) reduction in difficult-to-kill bacteria in 36 min. Much faster than other disinfectants. Removes biofilm.
- Compatible with most RO membranes and piping materials (1% solution). Do not use with brass, copper, and other heavy metals.

RO Membrane Cleaners

Product	Part No.	Description	Packaging
	FLOMC10-5	Flocon® TFC Alkaline Cleaner (50 lb)	Each
	FLOMC10-16	Flocon® TFC Alkaline Cleaner (4 lb)	4 per case
	FLOMC20-5	Flocon® TFC Acid Cleaner (50 lb)	Each
	FLOMC20-16	Flocon® TFC Acid Cleaner (4 lb)	4 per case

- Save time: Clean membranes minimize system downtime.
- Save money: Clean systems use less energy and prolong membrane life.
- Improve water quality: A well-balanced cleaning program restores membrane flux.
- Gain cleaning efficiency: Membrane-specific cleaners provide best cleaning and protect sensitive membranes.
- Easy to use: Convenient 4 lb. containers or bulk quantities.
